Matthew Morgan, Superintendent
Harmony Union School District
1935 Bohemian Highway
Occidental, CA 95465

Dear Superintendent Morgan:

The California School Employees Association and its Chapter 70 are interested in reopening the following for the next successor contract, with a term of November 1, 2023 through October 31, 2026.

**CSEA's Initial Proposal:**

**Article 9: Salary**

- CSEA seeks to settle salary negotiations for 2023-2024* via "me too" language.
- CSEA seeks to expand "The Me Too Clause" to include stipends.

**Article 11: Holidays**

- CSEA seeks to update the holidays list to include Juneteenth.

**Article 19: Duration**

- CSEA seeks to update dates to reflect those of the new term.
- CSEA seeks to update the negotiations cycle.

Sincerely,

Karen Lincoln
CSEA Chapter 70 President

Reconvened to open session at 7:03 pm. Nothing to report out from closed session.

7.0 Consent Agenda

7.1 Minutes from meeting held May 9, 2023
Recommendation: Approve through consent agenda
ORIGINAL - Motion
Member **(Charlie Laird)** Moved, Member **(Andrew Cone)** Seconded to approve the **ORIGINAL** motion 'Approve through consent agenda'. Upon a roll call vote being taken, the vote was: Aye: 3 Nay: 0. The motion **Carried. 3 - 0**

Charlie Laird  Yes
Mariah Lander Yes
Andrew Cone  Yes

8.0 Communication

A) Public Comment
No public comment on items not on the agenda

9.0 Information/Correspondence/Discussion

9.1 Discussion of class sizes for 23-24 school year
**Recommendation**: Discussion only
Discussion about class sizes- enrollment history from 19/20 thru present. Audit for 5th grade to see if we need to hire another teacher in some capacity. 3rd grade teacher hiring is happening soon. As soon as the district knows what is happening we will let families know so they can prepare their children. It could be a hybrid model so all students have access to McGovern and bring in another teacher to support her.

10.0 Action Items

10.1 Consideration of transfer of $1.1 million in funds from General Fund to Fund 40
**Recommendation**: That the board approve transfer of $1.1 million in funds from General Fund to Fund 40
CBO Stacy Kalember presented this item for approval. This internal transfer will close out the bond and cover the cost overrun from the mistakes made by the architect. This is the amount the district will use when legal remedy is taken.

**ORIGINAL - Motion**
Member **(Andrew Cone)** Moved, Member **(Charlie Laird)** Seconded to approve the **ORIGINAL** motion 'That the board approve transfer of $1.1 million in funds from General Fund to Fund 40'. Upon a roll call vote being taken, the vote was: Aye: 3 Nay: 0. The motion **. 3 - 0**

7.0 Communication

A) Public Comment

7.1 For Open Session: Members of the public may address the Board briefly on matters not on the agenda and are within the subject matter jurisdiction of the Board. Please state your name and address. In accordance with Board Policy 9323, speakers are to keep comments concise and limited to three minutes. The Public Comment item will be limited to a total of 20 minutes, absent approval to extend by the Board President. If there are several people who share the same issue, please chose one as your representative, and that person may be given additional time, if necessary. The Board values public comment, but by the Brown Act the Board shall not act upon, respond to, or comment on the merits of any item presented. The Board may ask clarifying questions of the presenter or refer the presenter to the District procedures. Members of the public may address the Board regarding items on the agenda at the time the item appears on the agenda. The Board President may move any agenda item to a different place on the agenda in order to accommodate the public or improve the flow of the meeting.

Recommendation:
No public comment at this time.

7.2 The public will have the opportunity to comment on Harmony Union School District Board’s plan to adopt the Local Control Assessment Plans (LCAP) and budget, including Reasons for Assigned and Unassigned Ending Fund Balances in Excess of Minimum Recommended Reserves, for 2023-24. 10.5 Discussion and possible approval of new curriculum for grades 6-8 ALEKS Mathematics

ALEKS Math for Grades 6–8 ALEKS is an online math assessment and adaptive learning program for grades 3–12 (6-8 for the HUSD adoption) that helps students review and successfully master the skills needed to meet critical mathematical benchmarks and standards. Using adaptive questioning, ALEKS precisely identifies which math concepts a student knows and doesn’t know within a course. Then, through individualized instruction, each student is provided with a personalized learning pathway that focuses on the exact topics they are most ready to learn, allowing ALEKS to effectively target any unfinished learning while minimizing frustration, accelerating momentum, and building confidence. Using an automatic cycle of assessment, ALEKS ensures individualized learning pathways are continually refreshed based on each student’s unique needs. These assessments also provide instructors with visibility at a granular level with reports measuring progress by student, topic, or standard. ALEKS course content spans from Grade 3 to Precalculus which allows students to work on lesson-level content at their own pace while still acquiring prerequisite skill support or extending their learning, making it ideal for remediation, intervention, or enrichment settings.

**Recommendation:** That the Board approve the adoption of new curriculum for grades 6-8 ALEKS Mathematics

NOTES TO THE REVIEWER

a) This is a fillable PDF version of the CHYA Curriculum Assessment Tool (CAT).

b) There are two parts to this tool: Part 1: Curriculum/Instructional Material and Part 2: Policies and Procedures for Implementing CHYA.

c) This is Part 1 of the tool, which is intended for use in assessing compliance of a curriculum and supplemental materials; other instructional materials used for the purpose of teaching sexual health education to students of a publicly funded high school or middle school.

d) In order to facilitate assessment of a curriculum’s compliance, CHYA provisions are divided into sections based on a (column 1) criterion that a certain provision focuses on. The full language describing the requirement (column 2) is also provided with a reference to the Education Code. Questions regarding specific aspects of the requirement or content of the curriculum/instruction are provided to guide the reviewer in determining whether the criterion is met or not. Finally, a determination of compliance, comments and recommendation (column 4) for any future action or adaptation may be made based on this assessment.

e) The spaces provided in the column, Compliance Assessment, are rather limited. An efficient use of space would be to note evidence of compliance or non-compliance by identifying the module and activity as such: M#A#. For example, to point out that evidence may be found in Module 1, Activity A Step 2 and Module 4 Activity B Step 3, you may simply write: M1A2; M4B3. Additional notes or evidence may be included in the “comments” section under column 4.

f) Under the column, Determination and Recommendations, you will identify whether you deem the curriculum/material in compliance with a particular requirement; and whether it requires an adaptation to meet requirement. A space for additional comments is also provided. Use this comment section to add any other evidence of compliance or non-compliance; strengths or weaknesses; or any other findings.

g) Depending on the way a curriculum is written modules may alternately be called session, section or lesson. Some CHYA requirements may be addressed in whole modules or activities, while others may be evident in specific paragraphs or statements in the book. List the module & activity or the section and page number, as you might see fit to efficiently direct another reviewer to such evidence.

A. CA Education Code Requirements starting Jan. 2016, CA Healthy Youth Act

Section A provides an overall description of the CA Healthy Youth Act and its purposes. We recommend you complete the rest of the CAT before providing your comments regarding alignment with the purposes of CHYA. Adherence to the purposes of CHYA may be determined by compliance with the provisions detailed in the succeeding sections.

(6) Information about the treatment of HIV and other sexually transmitted infections, including how antiretroviral therapy can dramatically prolong the lives of many people living with HIV and reduce the likelihood of transmitting HIV to others.

(7) Discussion about social views on HIV and AIDS, including addressing unfounded stereotypes and myths regarding HIV and AIDS and people living with HIV. This instruction shall emphasize that successfully treated HIV-positive individuals have a normal life expectancy, all people are at some risk of contracting HIV, and the only way to know if one is HIV-positive is to get tested. 

Required Instruction for Grades Seven Through Twelfth Grade (5)

(8) Information about local resources, how to access local resources, and pupils’ legal rights to access local resources for sexual and reproductive health care such as testing and medical care for HIV and other sexually transmitted infections and pregnancy prevention and care, as well as local resources for assistance with sexual assault and intimate partner violence.

Regarding students legal right to access local resources: EC Section 46010.1 Confidential Medical Services

EC Section 51934
Required Instruction for Grades Seven Through Twelfth Grade (6)

(9) Information about the effectiveness and safety of all FDA-approved contraceptive methods in preventing pregnancy, including, but not limited to, emergency contraception. Instruction on pregnancy shall include an objective discussion of all legally available pregnancy outcomes, including, but not limited to, all of the following:

(A) Parenting, adoption, and abortion.
(B) Information on the law on surrendering physical custody of a minor child 72 hours of age or younger...
(C) The importance of prenatal care.

EC Section 51934

Required Instruction for Grades Seven Through Twelfth Grade (7)

(10) Information about sexual harassment, sexual assault, sexual abuse, and human trafficking. Information on human trafficking shall include both of the following:

(A) Information on the prevalence, nature, and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance.
(B) Information on how social media and mobile device applications are used for human trafficking.

EC Section 51934
Required Instruction for Grades Seven Through Twelfth Grade (8)

(11) Information about adolescent relationship abuse and intimate partner violence, including the early warning signs thereof.

Optional Instruction for grades seven through twelfth grade:

(b) A school district may provide optional instruction, as part of comprehensive sexual health education and HIV prevention education, regarding the potential risks and consequences of creating and sharing sexually suggestive or sexually explicit materials through cellular telephones, social networking internet websites, computer networks, or other digital media.

In-Service Training (1)

(a) A school district shall cooperatively plan and conduct in-service training for all school district personnel that provide HIV prevention education...

(b) In developing and providing in-service training, a school district shall cooperate and collaborate with the teachers of the district who provide HIV prevention education and with the department.

(c) In-service training shall be conducted periodically to enable school district personnel to learn new developments in the scientific understanding of HIV…
In-Service Training (2)

(d) A school district may expand HIV in-service training to cover the topic of comprehensive sexual health education in order for school district personnel who provide comprehensive sexual health education to learn new developments in the scientific understanding of sexual health.

EC Section 51935

---

In-Service Training (3)

School districts may contract with outside consultants or guest speakers … All outside consultants and guest speakers shall have expertise in comprehensive sexual health education and HIV prevention education and have knowledge of the most recent medically accurate research on the relevant topic or topics covered in their instruction.

EC Section 51936
Notice and Parental Excuse (1)

(a) A parent or guardian of a pupil has the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent ("opt-out") process. A school district shall not require active parental consent ("opt-in") for comprehensive sexual health education and HIV prevention education.

EC Section 51938

Notice and Parental Excuse (2)

(4) Advise the parent or guardian that the parent or guardian has the right to excuse their child from comprehensive sexual health education and HIV prevention education and that in order to excuse their child they must state their request in writing to the school district.

EC Section 51938
Notice and Parental Excuse (3)

(b) A pupil may not be subject to disciplinary action, academic penalty, or other sanction if the pupil’s parent or guardian declines to permit the pupil to receive comprehensive sexual health education or HIV prevention education or to participate in anonymous, voluntary, and confidential tests, questionnaires, or surveys on pupil health behaviors and risks.

CDE Documents Regarding
California Healthy Youth Act:
Comprehensive Sexual Health Education

Letter from State Superintendent

I am writing to inform you about the California Healthy Youth Act 2016 as it pertains to comprehensive sexual health education. Many Californians still have questions regarding this law, and the California Department of Education would like to address these questions in this communication.

The purpose of the California Healthy Youth Act (California Education Code [EC] sections 51930–51939) is to provide every student with the knowledge and skills necessary to protect their sexual and reproductive health from unintended pregnancy, human immunodeficiency virus (HIV), and sexually transmitted infections (STIs).

Clarification of the law is summarized below:

- The law prohibits active consent for any part of comprehensive sexual health education or HIV prevention education. Passive (not active) parent/guardian notification is required for comprehensive sexual health education and HIV prevention education, either at the beginning of the school year or at least 14 days prior to instruction.
- Comprehensive sexual health and HIV prevention education are both mandated instruction and shall occur once in middle school and once in high school. The EC defines comprehensive sexual health education as “education regarding human development and sexuality, including education on pregnancy, contraception, and STIs” and HIV prevention education as “instruction on the nature of HIV and acquired immune deficiency syndrome (AIDS), methods of transmission, strategies to reduce the risk of HIV infection, and social and public health issues related to HIV and AIDS.”
- Abstinence may not be discussed in isolation. The EC requires that instruction and materials include information that abstinence is the only certain way to prevent HIV, other STIs, and unintended pregnancy. However, it also states: “Instruction shall provide information about the value of delaying sexual activity while also providing medically accurate information on other methods of preventing HIV and other STIs and pregnancy.” “Abstinence-only” or “Sexual Risk Avoidance Education” sex education, which offers abstinence as the only option for preventing STIs and unintended pregnancy, is not permitted in California public schools or charter schools.
- Instruction shall affirmatively recognize that people have different sexual orientations and, when discussing or providing examples of relationships and
couples, must be inclusive of same-sex relationships. It must also teach students about gender, gender expression, and gender identity and explore the harm of negative gender stereotypes. This means that schools must teach about all sexual orientations and what being lesbian, gay, bisexual, transgender, and questioning (LGBTQ) means.

- All instruction and materials must support and align with the purposes of the California Healthy Youth Act and with each other. Instruction and materials may not be in conflict with or undermine each other or any purposes of the law. For example, schools may not use materials that, in promoting abstinence, focus exclusively on the failure rates or perceived disadvantages of condoms or contraception.

As evidenced by data from the Centers for Disease Control and Prevention Youth Risk Behavior Survey, the California Healthy Youth Act is succeeding in providing students with the knowledge and skills to protect their sexual and reproductive health from unintended pregnancy, HIV, and other STIs. According to the most recently published data from 2019, California high school students report significantly lower rates of sexual activity than high school students nationally, and rates have consistently decreased since implementation of the California Healthy Youth Act in 2016. California has the lowest rate of sexual activity for all 50 states. Further, for California high school students who affirmatively report being sexually active, their rates of contraceptive use have also consistently increased since the passage of the California Healthy Youth Act. California high school students also show an increase in contraceptive use well above the national average.

FAQ for Sexual Education, HIV/AIDS, and STDs

Frequently asked questions (FAQ) and answers regarding comprehensive sexual health education, HIV/AIDS and STD instruction.

The California Healthy Youth Act, which took effect January 1, 2016, requires school districts to provide students with integrated, comprehensive, accurate, and inclusive comprehensive sexual health education and HIV prevention education, at least once in high school and once in middle school. The California Healthy Youth Act made other significant changes to previous Education Code (EC) requirements for both HIV prevention education and comprehensive sexual health education which are summarized below.

Expand All | Collapse All

1. **What are the purposes of the California Healthy Youth Act?**
   To provide students with the knowledge and skills necessary to:
   
   - Protect their sexual and reproductive health from HIV and other sexually transmitted infections and from unintended pregnancy;
   - Develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family;
   - Have healthy, positive, and safe relationships and behaviors;
   - Promote understanding of sexuality as a normal part of human development; and
   - To ensure pupils receive integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention instruction and provide educators with clear tools and guidance to accomplish that end.

2. **Are schools required to teach comprehensive sexual health education and HIV prevention education?**
   Yes. The California Healthy Youth Act requires that students in grades 7-12 receive comprehensive sexual health education and HIV prevention education at least once in middle school and once in high school. The Education Code defines comprehensive sexual health education as “education regarding human development and sexuality, including education on pregnancy, contraception, and sexually transmitted infections” (EC § 51931(b)) and HIV prevention education as “instruction on the nature of human immunodeficiency virus (HIV) and AIDS, methods of transmission, strategies to reduce the risk of HIV infection, and social and public health issues related to HIV and AIDS” (EC § 51931(d)).

3. **Does the law permit schools to teach comprehensive sexual health and HIV prevention education in elementary school?**
Yes. Comprehensive sexual health and HIV prevention education may be taught in grades K-6, inclusive. All instruction and materials in grades K-6 must meet the instructional criteria or baseline requirements listed below. Content that is required in grades 7-12 may be also be included in an age-appropriate way in earlier grades. (EC §§ 51933, 51934(b).)

4. **What are the instructional criteria requirements for all comprehensive sexual health education and HIV prevention Education?**

   According to the Education Code (EC § 51933), all instruction and materials in all grades must:

   - Be age-appropriate;
   - Be medically accurate and objective;
   - Align with and support the purposes of the California Healthy Youth Act, as described above;
   - Be appropriate for use with pupils of all races, genders, sexual orientations, ethnic and cultural backgrounds;
   - Be appropriate for and equally available to English language learners;
   - Be appropriate for and accessible to pupils with disabilities;
   - Affirmatively recognize different sexual orientations and be inclusive of same-sex relationships in discussions and examples;
   - Teach about gender, gender expression, gender identity, and the harm of negative gender stereotypes;
   - Encourage students to communicate with their parents/guardians and other trusted adults about human sexuality, and provide skills for doing so;
   - Teach the value of and prepare students to have and maintain committed relationships such as marriage;
   - Provide knowledge and skills for forming healthy relationships that are free from violence; and
   - Provide knowledge and skills for making and implementing healthy decisions about sexuality including negotiation and refusal skills to assist students in overcoming peer pressure and using effective decision making skills to avoid high-risk activities.

   In addition, the Education Code (EC § 51933) specifies that instruction and materials in all grades may not:

   - Teach or promote religious doctrine; or
   - Reflect or promote bias against any person on the basis of actual or perceived disability, gender, gender identity, gender expression, race or ethnicity, nationality, religion, or sexual orientation, or any other category.
protected by the non-discrimination policy codified in Education Code § 220..

5. **What additional instructional content is required in grades 7-12?**

Instruction provided in grades 7-12, in addition to meeting the instructional criteria or baseline requirements above, must include all of the following content (EC § 51934):

   - Information on the nature and transmission of HIV and other sexually transmitted infections (STIs);
   - Information about all federal Food and Drug Administration (FDA)-approved methods of preventing and reducing the risk of transmission of HIV and other STIs, including antiretroviral treatment, and information about treatment of HIV and STIs;
   - Information about reducing the risk of HIV transmission as a result of injection drug use by decreasing needle use and needle sharing;
   - Discussion about social views of HIV and AIDS, emphasizing that all people are at some risk of contracting HIV and that the only way to know one’s HIV status is by being tested;
   - Information about accessing resources for sexual and reproductive health care and assistance with sexual assault and intimate partner violence, as well as students’ legal rights to access these resources;
   - Information about the effectiveness and safety of all federal FDA-approved contraceptive methods in preventing pregnancy (including emergency contraception);
   - Information that abstinence is the only certain way to prevent unintended pregnancy and HIV and other STIs; information about value of delaying sexual activity must be included and must be accompanied by information about other methods for preventing pregnancy, HIV and STIs;
   - Information about pregnancy, including 1) the importance of prenatal care; 2) all legally available pregnancy outcomes, including parenting, adoption, and abortion; and 3) California’s newborn safe surrender law; and
   - Information about sexual harassment, sexual assault, adolescent relationship abuse, intimate partner violence, and human trafficking.

This is a summary of the law. See EC § 51934 for the exact language of these requirements.

Any of these content areas may also be covered in an age-appropriate way prior to grade 7.

6. **Does the law allow abstinence-only education?**

No. Abstinence may not be discussed in isolation from other methods of preventing HIV, other STIs, and pregnancy. The Education Code requires that instruction and materials include information that abstinence is the only certain way to prevent HIV, other STIs, and unintended pregnancy. However, it also states: “Instruction shall provide information about the value of delaying sexual activity while also providing
medically accurate information on other methods of preventing HIV and other sexually transmitted infections and pregnancy.” (emphasis added) (EC § 51934(a)(3).) “Abstinence-only” sex education, which offers abstinence as the only option for preventing STIs and unintended pregnancy, is not permitted in California public schools.

Comprehensive sexual health education in grades 7-12 must include medically accurate, objective information about the effectiveness and safety of all federal FDA-approved methods for preventing HIV, other STIs, and pregnancy. (EC § 51934.)

7. **Why is there a requirement for integrated instruction, and what does it mean?**
   In order to ensure that students receive instruction that best supports their need for accurate, comprehensive information, the requirement for integrated instruction means that there must be internal consistency within sexual health education and HIV prevention instruction and materials. All instruction and materials must support and align with the purposes of the California Healthy Youth Act and with each other. Instruction and materials may not be in conflict with or undermine each other or any of the purposes of the law. For example, schools may not use materials that, in promoting abstinence, focus exclusively on the failure rates or perceived disadvantages of condoms or contraception. (EC §§ 51930(b)(4), 51933(c).)

8. **How does the law promote healthy relationships for youth?**
   The California Healthy Youth Act has a strong emphasis on healthy relationships, in both the purposes and the required content. Students must be taught knowledge and skills related to recognizing, building, and maintaining healthy relationships that are based on mutual affection and free from violence, coercion and intimidation. This includes teaching decision-making and communication skills and helping students understand the value of and prepare for committed relationships, such as marriage. It also includes information about unhealthy behaviors and risks to their health, such as sexual harassment, sexual assault, intimate partner violence, and sex trafficking. (EC §§ 51930(b); 51933(f), (g), (h); 51934(a)(10).)

9. **Does the law require instruction about local health resources?**
   Yes. The California Healthy Youth Act requires that students learn about local resources for sexual and reproductive health care, sexual assault and intimate partner violence. (EC §§ 51934(a)(8)) The law also requires instruction about how students can access those resources and their rights to access them. For example, under California law, minors may consent to confidential medical care related to reproductive health care, including prevention and treatment of pregnancy (under 18 years of age) and prevention and treatment for HIV and STIs (12 years and older). (California Family Code §§ 6925, 6926; EC § 46010.1; American Academy of Pediatrics v. Lungren, 16 Cal.4th 307 (1997); 87 Ops. Cal. Atty. Gen. 168, 172 (2004)).
In addition, students also have the right to obtain sensitive services, including reproductive health care, during school hours, and must be allowed to leave campus for the purpose of obtaining these services. (EC § 48205; EC § 46010.1; 87 Ops. Cal. Atty. Gen. 168, 172 (2004)). In these instances, schools are not allowed to require parental consent or notification, and must mark the student’s absence as excused and allow the student to make up full credit for assignments or class time missed. (EC § 48205; 87 Ops. Cal. Atty. Gen. 168, 172 (2004).)

10. **Does the law require instruction on California’s Affirmative Consent Standard?**  
Another law, distinct from the California Healthy Youth Act, also took effect in 2016. This law, Education Code § 51225.36, requires that all school districts that have health education as a graduation requirement must include instruction on California’s affirmative consent standard (emphasis added). This standard is defined as follows: “‘Affirmative consent’ means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.” (EC § 67386.)

Instruction on the affirmative consent standard is not mandatory for districts that do not require a health education course for graduation. The law also does not require that this instruction be provided within comprehensive sexual health and HIV prevention education. However, the California Healthy Youth Act does require that comprehensive sexual health education and HIV prevention education address healthy relationships and communication, and consent for sexual activity is an important component of this instruction. Therefore, there is natural overlap between the law relating to the affirmative consent standard and the California Healthy Youth Act. (EC § 51933 (g).

11. **What determines whether the facts taught are medically accurate?**

Medically accurate means verified or supported by research conducted in compliance with scientific methods and published in peer-reviewed journals, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, such as the federal Centers for Disease Control and Prevention, the American Public Health Association, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists. Instruction is medically accurate if it meets this legal definition. (EC § 51931(f).)

12. **What does the law say about lesbian, gay, bisexual, transgender and questioning (LGBTQ) students, sexual orientation and gender/gender identity?**
All instruction and materials in grades K-12 must be inclusive of LGBTQ students. Instruction shall affirmatively recognize that people have different sexual orientations and, when discussing or providing examples of relationships and couples, must be inclusive of same-sex relationships. (EC § 51933(d)(5).) It must also teach students about gender, gender expression, gender identity, and explore the harm of negative gender stereotypes. (EC § 51933(d)(6).) This means that schools must teach about all sexual orientations and what being LGBTQ means.

The California Healthy Youth Act requires that sexual health education be appropriate for use with students of all genders and sexual orientations (EC § 51933(d)) and clearly states that part of the intent of the law is “to provide pupils with the knowledge and skills they need to develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family.” (EC § 51930(b)(2).)

The California Healthy Youth Act also prohibits sexual health education classes from promoting bias against anyone on the basis of any category protected by Education Code § 220, which includes actual or perceived gender and sexual orientation.

13. **What does the law say about students with disabilities?**
   Instruction and materials must be appropriate for and accessible to students with disabilities. This includes but is not limited to providing a modified curriculum, materials and instruction in alternative formats, and auxiliary aids. (EC § 51933(d)(1) and (3).)

14. **What does the law say about students who are English learners?**
   The California Healthy Youth Act requires that instruction be made available on an equal basis to pupils who are English learners, whether they are placed in English immersion classes or alternative bilingual education classes, and must be consistent with the existing sex education curriculum and alternative options for an English learner pupil as otherwise provided in the Education Code. (EC § 51933(d)(2).) In addition, the law requires that instruction be appropriate for use with students of all races and ethnic and cultural backgrounds. (EC § 51933(d)(1).)

15. **Does the law permit the use of outside speakers?**
   School districts may contract with outside consultants or guest speakers, including those who have developed multilingual curricula or curricula accessible to persons with disabilities, to deliver comprehensive sexual health education and HIV prevention education or to provide training for school district personnel. All outside consultants and guest speakers must have expertise in comprehensive sexual health education and HIV prevention education and have knowledge of the most recent medically accurate research on the relevant topic or topics covered in their instruction. (EC § 51936.)
Instruction or materials provided by outside consultants or guest speakers must fulfill the same requirements as instruction provided by employees of the school district. All instruction and materials shall align with and support the purposes of the California Healthy Youth Act and may not be in conflict with them. (EC § 51933 (c).) Any outside organization used for instruction or materials must meet every tenet of the California Healthy Youth Act. If schools use outside consultants or guest speakers, they must provide parents with the name of the provider’s organization and the date of instruction at the beginning of the school year or no fewer than 14 days prior to the date of instruction. (EC § 51938 (b)(2).)

16. **How does the law support family communication about comprehensive sexual health?**

Instruction and materials shall encourage a student “to communicate with his or her parents, guardians, and other trusted adults about human sexuality and provide the knowledge and skills necessary to do so.” (EC § 51933(e).) This is an opportunity for parents/guardians to identify and inform their students about whom a trusted adult may be.

17. **What does the law say about parent/guardian notification and consent for instruction?**

Parents or guardians must be notified by the school or district at the beginning of the school year (or at the time of enrollment) about planned instruction in comprehensive sexual health and HIV prevention education and research on student health behaviors and risks. The notice must advise parents/guardians that the written and audiovisual educational materials used in the comprehensive sexual health education and HIV prevention education course are available for inspection. The school district must also inform parents/guardians about whether the instruction will be provided by district personnel or outside consultants or guest speakers. Further, all instruction and materials from outside consultants or guest speakers must meet all tenets of the law. If instruction will be provided by outside consultants or guest speakers, the notice must include the name and organizational affiliation of the outside consultant or guest speaker and the date of the instruction. The notice must also inform parents/guardians of their right to request copies of Education Code §§ 51933, 51934, and 51938. If arrangements are made after the initial notification is sent out at the beginning of the year, districts must notify parents at least 14 days prior to the instruction via mail or another commonly used method. (EC § 51938(b).)

In this notification, schools must advise parents/guardians that they have the right to excuse their child from comprehensive sexual health education and HIV prevention education and that in order to excuse their child they must state their request in writing to the school district. (EC § 51938(b)(4).) Schools may not require active consent (“opt-in”) for participation in comprehensive sexual health and HIV prevention education. Parents/guardians must request in writing that their child not participate in the instruction (passive consent, or “opt-out”). If the parent/guardian does not request in writing that the child be withheld, the child will attend the instruction. (EC § 51938(a).)
18. **What does the law say about parental/guardian consent for surveys?**

In order to facilitate the collection of data needed by researchers to evaluate the effectiveness of comprehensive sexual health education and other unintended pregnancy prevention efforts, the law permits schools to administer anonymous, voluntary, confidential, age-appropriate surveys or questionnaires in which students are asked about their sexual activities and attitudes in order to measure their health behaviors and risks. Parents/guardian must be notified of any planned surveys or questionnaires, be given the opportunity to review these surveys or questionnaires and, in grades 7-12, be given the opportunity to request in writing that their child not participate. Schools may not adopt an active consent or “opt-in” policy for these surveys or questionnaires for students in grades 7 to 12. (EC § 51938(c).) Prior to grade 7, parents must give active consent in order for their child to participate.

19. **What does the law say about anti-harassment, bullying prevention or safe schools programs?**

The Education Code provides that all pupils enrolled in California public schools have the inalienable right to attend classes on school campuses that are safe, secure and peaceful (Education Code §§ 201, 220, and 32261). Although, the California Healthy Youth Act does not specifically address anti-harassment, bullying prevention or safe school programs, other areas of the California Education Code do. (See Education Code sections 200, 220, and 32261.) This Act, including the “opt-out” provision, does not apply to instruction, materials, presentations, or programming that discuss gender, gender identity, gender expression, sexual orientation, discrimination, harassment, bullying, intimidation, relationships, or family and do not discuss human reproductive organs and their functions. (EC § 51932(b).) This is to ensure a positive school climate so that all students feel safe on and off campus knowing that all peers have the same basic understanding on acceptable and unacceptable behaviors.

Also, the CDE has more resources related to this issue on the CDE Web page. Please visit this [CDE Web page](https://www.cde.ca.gov) for a legal advisory regarding application of California’s antidiscrimination statutes to transgender youth in schools.

And please visit this [CDE Web page for frequently asked questions](https://www.cde.ca.gov) on fostering an educational environment that is safe and free from discrimination for all students, regardless of sex, sexual orientation, gender identity, or gender expression, and assisting school districts with understanding and implementing policy changes related to AB 1266 and transgender student privacy, facility use, and participation in school athletic competitions.

20. **Does the law require the teachers to be trained?**

Comprehensive sexual health and HIV prevention education must be taught by instructors trained in the appropriate courses. (EC §§ 51934(a), (b).) This means that instructors must have knowledge of the most recent medically accurate research on
human sexuality, healthy relationships, pregnancy, and HIV and other sexually transmitted infections. (EC § 51931(e).)

In addition, school districts must provide periodic training to all district personnel who provide HIV prevention education to enable them to learn new developments in the scientific understanding of HIV. Teachers with a demonstrated expertise in the field or who have received training from the California Department of Education, their affiliates or Centers for Disease Control and Prevention need not be additionally trained by the district. School districts may expand the training to include the topic of comprehensive sexual health education. (EC § 51935).

21. Are the health framework for California public schools and the California Health Education Content Standards current with respect to legal requirement for comprehensive sexual health and HIV prevention program?

No. The Health Framework from 2003 is extremely outdated and is inconsistent with the California Healthy Youth Act; it should not be used. The California Health Education Content Standards, adopted in 2008, do not directly conflict with the California Healthy Youth Act but also do not include all required content. Therefore, the health standards should not be independently relied upon for developing or evaluating sexual health curriculum.

However, the California Department of Education, Instructional Quality Commission, and State Board of Education have begun the revision process for the Health Education Framework and expect completion by May 2019.

Sexual Health Education Accountability Act

Provides information concerning the Sexual Health Education Accountability Act requirements.

The Sexual Health Education Accountability Act (SHEAA), Health and Safety Code 15100 - 151003 requires any state-funded, community-based sexual health education program that provides education to prevent adolescent or unintended pregnancy or to prevent sexually transmitted infections to meet specific requirements. SHEAA requires state funds for community-based sexual health education programs to be spent on programs that are medically accurate, appropriate for the priority population and comprehensive. This applies to all state-funded community based programs that provide education to prevent teen pregnancy or unintended pregnancy and prevention of sexually transmitted diseases, including HIV/AIDS. This would apply to the Community Challenge Grant (CCG) program because CCG primarily funds comprehensive sexual health education strategies, many of which are conducted in California’s public schools.

SHEAA requires programs providing education in public schools to state how their instruction fits into the school’s overall plan to comply fully with EC 51930 – 51939.

SHEAA authorizes the funding agency to terminate a grant if the funded program is not in compliance with the legal requirements.

SHEAA sets forth basic standards for community-based sexual health education programs:

- All information must be medically accurate, current and objective.
- Presenters shall know and use the most current scientific data on human sexuality, human development, pregnancy, and sexually transmitted diseases.
- Program must be age appropriate for its priority population’s age, culture, and language.
- Program may not teach or promote religious doctrine.
- Program may not promote or reflect bias against any person (as defined in Section 422.56 of the Penal Code) on the basis of:
  - Disability
  - Gender
  - Nationality
  - Race or Ethnicity
  - Religion
  - Sexual Orientation
A sexual health education program conducted by an outside agency, such as a community-based organization (CBO) at a publicly funded school, shall comply with the requirements of Section 51934 of the EC if the program address HIV/AIDS and shall comply with Section 51933 of the EC if the program address pregnancy prevention and sexually transmitted diseases other than HIV/AIDS.

If the sexual health education program is conducted by an outside agency, such as a CBO, at a publicly funded school, the CBO shall indicate in writing how the program fits into the school’s plan to comply fully with the California EC 51930 - 51939.

Comprehensive Sexual Health Education & the California Healthy Youth Act

**PARENT FACT SHEET**

**What is the California Healthy Youth Act?**

The California Healthy Youth Act (CHYA)\(^1\) is our state’s sexual health education law, which took effect January 1, 2016. CHYA requires that public schools provide students with medically accurate, age-appropriate, LGBTQ-inclusive\(^2\) comprehensive sexual health and HIV prevention education, at least once in middle school and once in high school. It ensures that young people have the knowledge and skills they need to make healthy decisions.

**What does the California Healthy Youth Act do?**

We all want the best education for students, and that means giving students relevant and accurate information about the changes their bodies go through and how to tackle big issues like consent, puberty, and relationships. Luckily, CHYA ensures your student is provided with the high quality sexual health education they need.

- **Instruction must be medically accurate** and provide information about preventing sexually transmitted infections and unintended pregnancy. Without facts, young people often repeat what they hear from friends or find on the internet, which may be inaccurate and cause confusion. Studies show that science-based comprehensive sexual health education, when it supports a diverse range of young people, helps students become healthier and more successful adults. It leads to lower STI rates, fewer unplanned pregnancies, better self-esteem, healthier relationships, and many more benefits.\(^3\)

- **Instruction must be age appropriate.** Human development is a lifelong process. Young people need to receive information at the right time so that they aren’t caught off guard by their changing bodies and are prepared for healthy relationships and safe sex when and if they’re ready for those steps. Just because young people are learning about sex doesn’t mean they’re having it. In fact, young people who receive comprehensive sexual health education generally start having sex later in life and have lower rates of unplanned pregnancy.\(^4\)

---

\(^2\) Instruction cannot in any way be biased against people who are lesbian, gay, bisexual, transgender, and/or queer (LGBTQ).

\(^3\) Future of Sex Education (FoSE), Comprehensive Sex Education: Research and Results (2009), [http://www.futureofsexed.org/compsexed.html](http://www.futureofsexed.org/compsexed.html).

\(^4\) Ibid.
✓ **Instruction must be LGBTQ-inclusive.** Our schools are diverse, and every student deserves to feel safe, welcome, and acknowledged at school. LGBTQ students thrive when they see themselves reflected in lessons, and LGBTQ-inclusive lessons create a positive effect on all students and help prevent bullying, discrimination, and harassment.5

✓ **Instruction must be appropriate for and equally available to English language learners and students with physical and developmental disabilities.** These students may need materials in their home language and/or modified formats to ensure they can fully participate in and benefit from the instruction.

What is the role of parents and guardians?

Let’s face it: talking about sex in school can catch parents off guard, especially when it’s a change from their own experiences or new for the school. You play an indispensable role in preparing your student for the future, and the comprehensive sexual health education your student receives will open the door for important conversations. These conversations at home will add to and complement the science-based instruction your student receives in school, just as you might help them with math, biology, or history homework.

As a parent or guardian, you should be notified when your student will receive sexual health education at their school and be allowed to view the curriculum and other instructional materials prior to instruction. You can choose to withdraw your student from instruction, but you should know that the education community – including the California PTA – and the vast majority of California parents support fact-based comprehensive sexual health education because they know it has many benefits for students. With accurate instruction at school, plus guidance from parents and other trusted sources, we can help young people grow into healthier and more successful adults.

Sexual Health And HIV/AIDS Prevention Instruction

Instruction

Definitions

Comprehensive sexual health education means education regarding human development and sexuality, including education on pregnancy, contraception, and sexually transmitted infections. (Education Code 51931)

HIV prevention education means instruction on the nature of human immunodeficiency virus (HIV) and acquired immune deficiency syndrome (AIDS), methods of transmission, strategies to reduce the risk of HIV infection, and social and public health issues related to HIV and AIDS. (Education Code 51931)

(cf. 6142.8 - Comprehensive Health Education)
(cf. 6143 - Courses of Study)

Age appropriate refers to topics, messages, and teaching methods suitable to particular ages or age groups of children and adolescents, based on developing cognitive, emotional, and behavioral capacity typical for the age or age group. (Education Code 51931)

Medically accurate means verified or supported by research conducted in compliance with scientific methods and published in peer-reviewed journals, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, such as the federal Centers for Disease Control and Prevention, the American Public Health Association, the American Academy of Pediatrics, and the American College of Obstetricians and Gynecologists. (Education Code 51931)

General Criteria for Instruction and Materials
The Superintendent or designee shall ensure that the district's comprehensive sexual health and HIV prevention instruction and materials: (Education Code 51933)

1. Are age appropriate
2. Are medically accurate and objective
3. Are aligned with and support the following purposes as specified in Education Code 51930:
   a. To provide students with the knowledge and skills necessary to protect their sexual and reproductive health from HIV and other sexually transmitted infections and from unintended pregnancy
   b. To provide students with the knowledge and skills they need to develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family
   c. To promote understanding of sexuality as a normal part of human development
   d. To ensure students receive integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention instruction and provide educators with clear tools and guidance to accomplish that end
   e. To provide students with the knowledge and skills necessary to have healthy, positive, and safe relationships and behaviors
4. Are appropriate for use with English learners, students with disabilities, and students of all races, genders, sexual orientations, and ethnic and cultural backgrounds (cf. 6174 - Education for English Learners)
5. Are available on an equal basis to a student who is an English learner, consistent with the existing curriculum and alternative options for an English learner as otherwise provided in the Education Code
6. Are accessible to students with disabilities, including, but not limited to, the provision of a modified curriculum, materials, and instruction in alternative formats and auxiliary aids (cf. 6159 - Individualized Education Program)
7. Do not reflect or promote bias against any person in protected categories of discrimination pursuant to Education Code 220
8. Affirmatively recognize that people have different sexual orientations and, when discussing or providing examples of relationships and couples, shall be inclusive of same-sex relationships.

9. Teach students about gender, gender expression, and gender identity, and explore the harm of negative gender stereotypes.

10. Encourage students to communicate with their parents/guardians and other trusted adults about human sexuality and provide the knowledge and skills necessary to do so.

11. Teach the value of and prepare students to have and maintain committed relationships such as marriage.

12. Provide students with knowledge and skills they need to form healthy relationships that are based on mutual respect and affection and are free from violence, coercion, harassment, and intimidation.

13. Provide students with knowledge and skills for making and implementing healthy decisions about sexuality, including communication and refusal skills to assist students in overcoming peer pressure and using effective decision-making skills to avoid high-risk activities.

14. Do not teach or promote religious doctrine.

Components of Sexual Health and HIV Prevention Education

The district's comprehensive sexual health education and HIV prevention education for students in grades 7-12, in addition to complying with the criteria listed above in the section "General Criteria for Instruction and Materials," shall include all of the following: (Education Code 51934)

1. Information on the nature of HIV and other sexually transmitted infections and their effects on the human body.

2. Information on the manner in which HIV and other sexually transmitted infections are and are not transmitted, including information on the relative risk of infection according to specific behaviors, including sexual behaviors and injection drug use.
3. Information that abstinence from sexual activity and injection drug use is the only certain way to prevent HIV and other sexually transmitted infections, and that abstinence from sexual intercourse is the only certain way to prevent unintended pregnancy.

The instruction shall provide information about the value of delaying sexual activity while also providing medically accurate information on other methods of preventing HIV and other sexually transmitted infections and pregnancy.

(cf. 5141.25 - Availability of Condoms)
(cf. 5146 - Married/Pregnant/Parenting Students)

4. Information about the effectiveness and safety of all federal Food and Drug Administration (FDA) approved methods that prevent or reduce the risk of contracting HIV and other sexually transmitted infections, including use of antiretroviral medication, consistent with the Centers for Disease Control and Prevention.

5. Information about the effectiveness and safety of reducing the risk of HIV transmission as a result of injection drug use by decreasing needle use and needle sharing.

6. Information about the treatment of HIV and other sexually transmitted infections, including how antiretroviral therapy can dramatically prolong the lives of many people living with HIV and reduce the likelihood of transmitting HIV to others.

7. Discussion about social views on HIV and AIDS, including addressing unfounded stereotypes and myths regarding HIV and AIDS and people living with HIV.

This instruction shall emphasize that successfully treated HIV-positive individuals have a normal life expectancy, all people are at some risk of contracting HIV, and testing is the only way to know if one is HIV-positive.

8. Information about local resources, how to access local resources, and students' legal rights to access local resources for sexual and reproductive health care such as testing and medical care for HIV and other sexually transmitted infections and pregnancy prevention and care, as well as local resources for assistance with sexual assault and intimate partner violence.

9. Information about the effectiveness and safety of FDA-approved contraceptive methods in preventing pregnancy, including, but not limited to, emergency contraception. Instruction on pregnancy shall include an objective discussion of all legally available pregnancy outcomes, including, but not limited to:

a. Parenting, adoption, and abortion.
b. Information on the law on surrendering physical custody of a minor child 72 hours of age or younger, pursuant to Health and Safety Code 1255.7 and Penal Code 271.5

c. The importance of prenatal care

10. Information about sexual harassment, sexual assault, sexual abuse, and human trafficking, including:

a. Information on the prevalence and nature of human trafficking, strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance if there is a suspicion of trafficking

b. Information on how social media and mobile device applications are used for human trafficking

11. Information about adolescent relationship abuse and intimate partner violence, including the early warning signs of each

The district's comprehensive sexual health education and HIV prevention education shall include instruction regarding the potential risks and consequences of creating and sharing suggestive or sexually explicit materials through cell phones, social networking websites, computer networks, or other digital media. (Education Code 51934)

Professional Development

The district's comprehensive sexual health education and HIV prevention education shall be provided by instructors trained in the appropriate courses who are knowledgeable of the most recent medically accurate research on human sexuality, healthy relationships, pregnancy, and HIV and other sexually transmitted infections. (Education Code 51931, 51934)

The Superintendent or designee shall cooperatively plan and conduct in-service training for all district personnel who provide HIV prevention education, through regional planning, joint powers agreements, or contract services. (Education Code 51935)

(cf. 4131 - Staff Development)

In developing and providing in-service training, the Superintendent or designee shall cooperate and collaborate with the teachers who provide HIV prevention education and with the California Department of Education (CDE). (Education Code 51935)

The district shall periodically conduct in-service training to enable district personnel to learn new developments in the scientific understanding of HIV. In-service training shall
be voluntary for personnel who have demonstrated expertise or received in-service training from the CDE or Centers for Disease Control and Prevention. (Education Code 51935)

The Superintendent or designee may expand HIV in-service training to cover the topic of comprehensive sexual health education in order for district personnel teaching comprehensive sexual health education to learn new developments in the scientific understanding of sexual health. (Education Code 51935)

The Superintendent or designee shall periodically provide continuing education that enables district personnel to learn about new developments in the understanding of abuse, including sexual abuse, and human trafficking and current prevention efforts and methods. Such education may include early identification of abuse, including sexual abuse, and human trafficking of students and minors. (Education Code 51950)

Use of Consultants or Guest Speakers

The Superintendent or designee may contract with outside consultants or guest speakers, including those who have developed multilingual curricula or curricula accessible to persons with disabilities, to deliver comprehensive sexual health and HIV prevention education or to provide training for district personnel. All outside consultants and guest speakers shall have expertise in comprehensive sexual health education and HIV prevention education and knowledge of the most recent medically accurate research on the relevant topic(s) covered in the instruction. The Superintendent or designee shall ensure that any instruction provided by an outside speaker or consultant complies with Board policy, administrative regulation, and Education Code 51930-51939. (Education Code 51933, 51934, 51936)

(cf. 6145.8 - Assemblies and Special Events)

Parent/Guardian Notification

At the beginning of each school year or at the time of a student’s enrollment, the Superintendent or designee shall notify parents/guardians about instruction in comprehensive sexual health education and HIV prevention education, as well as research on student health behaviors and risks, planned for the coming year. The notice shall advise parents/guardians: (Education Code 48980, 51938)

1. That written and audiovisual educational materials to be used in comprehensive sexual health and HIV prevention education are available for inspection

2. That parents/guardians have a right to excuse their child from comprehensive sexual health or HIV prevention education, or research on student health behaviors and risks, provided they submit their request in writing to the district
3. That parents/guardians have a right to request a copy of Education Code 51930-51939

4. Whether the comprehensive sexual health or HIV prevention education will be taught by district personnel or outside consultants and, if the district chooses to use outside consultants or guest speakers for this purpose, the following information:

   a. The date of the instruction

   b. The name of the organization or affiliation of each guest speaker

   c. Information stating the right of the parent/guardian to request a copy of Education Code 51933, 51934, and 51938

If the arrangements for instruction by outside consultants or guest speakers are made after the beginning of the school year, the Superintendent or designee shall notify parents/guardians by mail or another commonly used method of notification no fewer than 14 days before the instruction is given.

(cf. 5145.6 - Parental Notifications)

Nonapplicability to Certain Instruction or Materials

The requirements of Education Code 51930-51939 pertaining to instructional content, teacher training, and parental notification and consent shall not apply to the following:

(Education Code 51932)

1. A description or illustration of human reproductive organs that may appear in a textbook, adopted pursuant to law, if the textbook does not include other elements of comprehensive sexual health education or HIV prevention education as defined in Education Code 51931

   (cf. 6142.93 - Science Instruction)

2. Instruction, materials, presentations, or programming that discusses gender, gender identity, gender expression, sexual orientation, discrimination, harassment, bullying, intimidation, relationships, or family and does not discuss human reproductive organs and their functions

Criteria for Selection and Adoption of Instructional Materials

In recommending textbooks or other instructional materials for adoption by the Board of Trustees, the Superintendent or designee shall ensure that such materials:

1. Are aligned to any applicable academic content standards adopted by the State Board of Education (SBE) pursuant to Education Code 60605 and/or Common Core Standards adopted pursuant to Education Code 60605.8

(cf. 6011 - Academic Standards)

For grades K-8, the Superintendent or designee shall select instructional materials from among the list of materials adopted by the SBE and/or other materials that have not been adopted by the SBE but are aligned with the state academic content standards and/or the Common Core Standards. (Education Code 60200, 60210)

(cf. 6161.11 - Supplementary Instructional Materials)

2. Do not reflect adversely upon persons because of their race or ethnicity, gender, religion, disability, nationality, sexual orientation, occupation, or other characteristic listed in Education Code 220, nor contain any sectarian or denominational doctrine or propaganda contrary to law (Education Code 51501, 60044)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

3. To the satisfaction of the Board, are accurate, objective, current, and suited to the needs and comprehension of district students at their respective grade levels (Education Code 60045)

4. With the exception of literature and trade books, use proper grammar and spelling (Education Code 60045)
5. Do not expose students to a commercial brand name, product, or corporate or company logo unless the Board makes a specific finding that the use is appropriate based on one of the following: (Education Code 60048, 60200)

a. The commercial brand name, product, or corporate or company logo is used in text for an educational purpose as defined in guidelines or frameworks adopted by the SBE.

b. The appearance of a commercial brand name, product, or corporate or company logo in an illustration is incidental to the general nature of the illustration.

(cf. 1325 - Advertising and Promotion)

7. If the materials are technology-based materials, are both available and comparable to other, equivalent instructional materials (Education Code 60052)

8. Meet the requirements of Education Code 60040-60043 for specific subject content

9. Support the district's adopted courses of study and curricular goals

(cf. 6141 - Curriculum Development and Evaluation)
(cf. 6142.2 - World/Foreign Language Instruction)
(cf. 6142.8 - Comprehensive Health Education)
(cf. 6142.91 - English/Language Arts Instruction)
(cf. 6142.92 - Mathematics Instruction)
(cf. 6142.93 - Science Instruction)
(cf. 6142.94 - History-Social Science Instruction)
(cf. 6143 - Courses of Study)
(cf. 6146.1 - High School Graduation Requirements)

10. Contribute to a comprehensive, balanced curriculum

11. Demonstrate reliable quality of scholarship as evidenced by:

a. Accurate, up-to-date, and well-documented information

b. Objective presentation of diverse viewpoints

c. Clear, concise writing and appropriate vocabulary

d. Thorough treatment of subject matter

12. Provide for a wide range of materials at all levels of difficulty, with appeal to students of varied interests, abilities, and developmental levels
13. Include materials that stimulate discussion of contemporary issues and improve students’ thinking and decision-making skills

14. Contribute to the proper articulation of instruction through grade levels

15. As appropriate, have corresponding versions available in languages other than English

16. Include high-quality teacher's guides

17. Meet high standards in terms of the quality, durability, and appearance of paper, binding, text, and graphics

18. When available, include options for lighter weight materials in order to help minimize any injury to students by the combined weight of instructional materials

Conflict of Interest

To ensure integrity and impartiality in the evaluation and selection of instructional materials, any district employee who is participating in the evaluation of instructional materials and not otherwise designated in the district's conflict of interest code shall sign a disclosure statement indicating that he/she:

1. Shall not accept any emolument, money, or other valuable thing or inducement to directly or indirectly introduce, recommend, vote for, or otherwise influence the adoption or purchase of any instructional material (Education Code 60072)

   Sample copies of instructional materials are excepted from this prohibition. (Education Code 60075)

2. Is not employed by nor receives compensation from the publisher or supplier of the instructional materials or any person, firm, organization, subsidiary, or controlling entity representing it

3. Does not have and will not negotiate a contractual relationship with the publisher or supplier of the instructional materials or any person, firm, organization, subsidiary, or controlling entity representing it

4. Does not have an interest as a contributor, author, editor, or consultant in any textbook or other instructional material submitted to the district

(cf. 9270 - Conflict of Interest)
The Board of Trustees desires to provide a research-based, sequential curriculum which promotes high levels of student achievement and emphasizes the development of basic skills, problem solving, and decision making. Upon recommendation of the Superintendent or designee, the Board shall adopt a written district curriculum which describes, for each subject area and grade level, the content objectives which are to be taught in the school.

(cf. 6000 - Concepts and Roles)
(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction)
(cf. 6142.3 - Civic Education)
(cf. 6142.4 - Service Learning/Community Service Classes)
(cf. 6142.5 - Environmental Education)
(cf. 6142.6 - Visual and Performing Arts Education)
(cf. 6142.7 - Physical Education)
(cf. 6142.8 - Comprehensive Health Education)
(cf. 6142.91 - Reading/Language Arts Instruction)

(cf. 6142.93 - Science Instruction)
(cf. 6143 - Courses of Study)
(cf. 6178 - Career Technical Education)
(cf. 6178.2 - Regional Occupational Center/Program)
(cf. 9000 - Role of the Board)

The district's curriculum shall be aligned with the district's vision and goals for student learning, Board policies, academic content standards, state curriculum frameworks, state and district assessments, graduation requirements, school and district improvement plans, and, when necessary, related legal requirements.
The Superintendent or designee shall establish a process for curriculum development, selection, and/or adaptation which utilizes the professional expertise of teachers, principals, and district administrators representing various grade levels, disciplines, special programs, and categories of students as appropriate. The process also may provide opportunities for input from students, parents/guardians, representatives of local businesses and postsecondary institutions, and other community members.

The selection and evaluation of instructional materials shall be coordinated with the curriculum development and evaluation process.

When presenting a recommended curriculum for adoption, the Superintendent or designee shall provide research, data, or other evidence demonstrating the proven effectiveness of the proposed curriculum. He/she also shall present information about the resources that would be necessary to successfully implement the curriculum and describe any modifications or supplementary services that would be needed to make the curriculum accessible to all students.
The Board shall establish a review cycle for regularly evaluating the district’s curriculum in order to ensure continued alignment with state and district goals for student achievement. At a minimum, these reviews shall be conducted whenever the State Board of Education adopts new or revised content standards or the curriculum framework for a particular subject or when new law requires a change or addition to the curriculum.

In addition, the Board may require a review of the curriculum in one or more subject areas as needed in response to student assessment results; feedback from teachers, administrators, or parent/guardians; new research on program effectiveness; or changing student needs.
